

# WHATEVER HAPPENS AT THE LOCAL ELECTIONS YOU WILL STILL HAVE....

A Labour MP

A Labour Mayor of the City Region

...and a Labour led Council

To avoid a one party monopoly here and bring some vital challenge to decision making, vote for the only team that keeps in touch all year round

REMEMBER, YOU HAVE **THREE VOTES**

Jo Bird	 Green Party	
Ruth Molyneux	 Green Party	
Kieran Murphy	 Green Party	

Wirral Council Elections, vote for three candidates

*“Let’s elect Kieran, Ruth and Jo so they can do even more for us!”*

**JOHN & CHRIS, BROMBOROUGH**

# WHY ARE PEOPLE VOTING FOR KIERAN, RUTH AND JO?

*We are voting for Kieran, Ruth and Jo because they are the only people we see working hard for us all year round.*

**Brian and Carol  
Bromborough**

*I'm voting for Kieran, Ruth and Jo. I know they will speak up for more home insulation to reduce heating bills – and get the attention our area needs. They have already helped to win a much needed rent freeze for tenants of Port Sunlight Village Trust.*

**Claire, Port Sunlight**

*In the general election, I vote Labour. But in these local elections, I'm voting for Kieran, Ruth and Jo. They are visible and work hard for our community all year round.*

**Christopher  
Bebington Road**

**Kieran Murphy** is one of your Green candidates for the local elections along with **Ruth Molyneux** and **Jo Bird**

## 60 SECONDS WITH KIERAN MURPHY

**Q. Why are you standing for election as a Councillor?**

I have three decades experience of ensuring that disabled people have their voices heard and included when decisions are made. My voice for everyone in our communities would be stronger as an elected Councillor.

**Q. What would you like to achieve?**

I would like to help create a Wirral which is fairer and greener. Specifically, in our area, there should be an extended rent freeze for private sector tenants. That includes tenants of Port Sunlight Village Trust, especially for people in old and cold homes. Bromborough Rake train services should be fully restored to previous levels immediately. Bromborough civic centre should be reopened for all.

**Q. What's special about our area?**

We have some fabulous open spaces and fantastic scenery. Our communities need better walking and cycling facilities to enjoy them more.

Port Sunlight River Park is great for people and wildlife. The planning application for an incinerator bottom ash aggregate site next door, should be put in the bin.

**Q. What do you like to do in your spare time?**

I enjoy spending time with friends and family and going for meals out. I enjoy cooking and reading action thrillers. I also like movies, anything scary or that makes me laugh.
