

GREEN VIEW #13

BROMBOROUGH, PORT SUNLIGHT & NEW FERRY

Cllr Kieran Murphy

Cllr Ruth Molyneux

Cllr Jo Bird

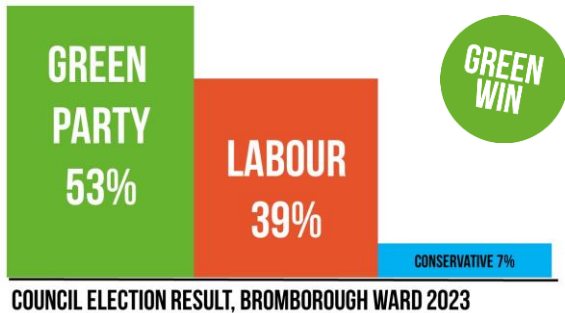

THANK YOU!

Kieran, Ruth and Jo elected

"We are delighted and honoured to be elected as your three Green Councillors for Bromborough. Thank you to well over 2,000 people who voted for us to represent New Ferry, Port Sunlight and Bromborough for the next four years. It's an absolute honour and very humbling to be elected. This is a huge victory for us and the Green Party, but more importantly for our democracy. Let the hard work continue, all year round!" - Kieran, Ruth and Jo.

Wirral Council now has 13 Green councillors, holding the balance of power. We also bring much needed diverse life experiences to improve Wirral Council's decision making. The Green Group of councillors has elected Jo as its co-leader, alongside longstanding councillor Pat Cleary.

Labour & Conservative coalition grabs key council roles

Losing seats to the Green Party has resulted in Labour doing a behind-the-scenes deal with the Conservatives to carve up key council positions. Despite getting 22% of the vote and winning more seats the Green Party has been denied its fair share of key appointments. Cllr Kieran Murphy comments, *"It says a lot about the current Labour party that it would rather give more positions of power to the Tories than engage with the Greens. We believe all positions of power should be allocated fairly and all parties should work together for the benefit of everyone."*

PLAYING PITCHES PROPOSED FOR BROMBOROUGH POOL

A new planning application has been submitted to Wirral Council to refurbish an existing building for use as a sports club at Bromborough Pool. The application includes the creation of two new football pitches and associated car parking, vehicle and pedestrian access and associated works.

Cllr. Ruth Molyneux says, "New opportunities and activities for children, young people and families are much needed and welcome. However, protection of this conservation area is paramount and the lack of public transport provision, cycling facilities and walking access is concerning. Kieran, Jo and myself welcome the opportunity to work together with residents, the planning officer and the developer to iron out any concerns."

You can view the application and leave any comments at www.wirral.gov.uk/planning and search for **APP/23/00334**.

PARTIAL VICTORY FOR PORT SUNLIGHT TENANTS

Tribunals rule in tenants' favour

Port Sunlight Village Trust is being forced to back down over the levels of rent increases due to pressure from their tenants supported by your Bromborough Green Team. All tenants have been promised a rent freeze for four months.

Many Port Sunlight tenants have been told that their rents will be increasing sharply (20%+). Some long-standing tenants have appealed against these increases, taking their cases to tribunal. Some of these cases have been partially successful. Rents will, however, still be increasing but not by as much as many had feared.
